ILLUMIN CAPS

Bio-acidic Restroom Cleaner

DESCRIPTION

Descaling cleaner suitable for daily use in the cleaning of restroom fixtures, floors, showers, locker rooms, etc. Counteracts the build-up of body oils, soap scum, mineral deposits, etc. Acidity removes stains from porcelain and whitens grout lines.

SPRAY BOTTLE FILLING

1. Rinse the spray bottle before each refill
2. Fill the spray bottle with cold water. Do not fill completely. Leave enough volume for the concentrate in the CAPS when added
3. Screw the CAPS onto the spray bottle until you hear a SNAP! Mix by up-ending the bottle a few times
4. Remove the CAPS and screw the spray trigger on
5. After use, dispose of the empty CAPS according to local recycling guidelines

USE

RESTROOM FIXTURES: Flush and thoroughly wet the inside of the fixture (toilet, urinal) being cleaned. Allow to stand for several minutes. Agitate with bowl brush before flushing.

GROUTED FLOORS: Sweep floor. Mix ILLUMIN in mop bucket (see directions). Using a microfiber mop, clean floor thoroughly. Let stand in heavily soiled areas. If hazing occurs after drying, rinse with clean mop and cold water.

WARNING: Not for use on marble or travertine.

DOSAGE

Use one CAPS per quart. Use 3 CAPS per bucket
