UL Environment is committed to maintaining the high value of the ECOLOGO mark and protecting the reputation of your products, brand, and company. We ask that you please notify your UL Environment Client Service Coordinator as soon as possible of any changes made to formulations, bill of materials, manufacturing locations, or of any changes that may affect the compliance of your products.

Compliance Audit Schedule

ECOLOGO conducts facility re-audits every three years for non-ISO 9001 certified facilities, and every four years for ISO 9001 certified facilities, provided there have been no major changes that would affect the audit results within the three year period. Major changes include, but are not

limited to, manufacturing process changes or relocation of manufacturing facility, etc. UL Environment reserves the right to request more frequent re-auditing at an additional cost if it is deemed necessary; however, these decisions will be made on a case-by-case basis and only after careful consideration. If there are multiple manufacturing facilities, at request, UL Environment can adjust the schedule to prevent all audits from occurring in the same year.

Facility Name and Address	Last Surveillance Audit Date	Next Surveillance Audit Date
Pollet SA Rue de la Grande Couture 20 B-7501 Tournai Belgium	September 2016	September 2020

*Note: Next Surveillance Audit must be completed prior to renewal date of the next audit year.

Marketing Support

Materials Review: Our UL Environment marketing team is dedicated to supporting your mark integration by reviewing and approving any and all use of the mark or certification messaging. As stated in the brand guidelines, materials may be submitted directly to your marketing manager, or to ULMarketing@ul.com. Please allow 3-5 business days for review.

Marketing Your Certification: To enhance the value of your certification, UL Environment can provide additional marketing support including social media content, case study development and media/editorial content development. Additional marketing support provided will be based on the joint goals of UL Environment and Pollet SA, alignment of the needs with the brand messaging requirements, and the available capacity of the UL Environment marketing team. For additional information or to discuss other marketing activities please contact ULMarketing@ul.com.

The ECOLOGO® Program looks forward to Pollet SA's participation in the Program as a licensee. Please do not hesitate to contact us if we can be of further assistance.

Sincerely,

Amy White
